

# Air-Trust in Trunk Line To Navigation Sure of Completion

141 miles already delivered and completed and pumping oil and paid for. Only 110 miles yet to secure to finish the job. When completed will be longest independent interstate pipe line in the world. Will only take a short time to build the small balance yet to construct, and when completed will mean 80 cents per share for this dividend-paying stock now offered to you at sacrifice prices in order to complete this pipe line without further delay. You simply cannot turn down an investment in this stock if you will give honest credit for true merit and tangible assets and dividend earnings back of this stock. On a conservative basis sales of manufactured oil will total over one-quarter million dollars during the next eight months. Dividends guaranteed on this stock will pay 12 per cent. to start with the investment at present prices. Over nine thousand loyal stockholders, representing every State and Territory in the Union, besides Canada and foreign lands.

## First Oil Pumped Over Pipe Line Means

In less than four months you can depend on Uncle Sam pumping oil clear through from the big oil wells near Bartlesville, Okla., to the river refinery, Uncle Sam No. 2, at Atchison. Any investor who can see as far as the end of the line knows that the day this long stretch of pipe line is completed and the great pumps commence delivering steady streams of oil to the storage tanks at this big refinery on the bank of navigation, that Uncle Sam stock will jump in the open market close to \$1.00 per share. With 150 miles of pipe delivered and paid for, completed, and put in place, there is no doubt that the company, with all its vast strength, will secure and complete in a very short time the small balance yet to construct. Investment of nearly every kind are extremely high in the United States, especially real estate. Now oil is necessary. People must have it to cook by and keep warm. There are no chances to be run in an investment in Uncle Sam stock. Just a question of a few months and the stock will be unable to buy it at all. Common sense tells you that with the completion of this pipe line it will be worth from three to five times the present selling price, while it is a splendid good investment even when it doubles in value. You cannot find another investment that will beat it. Better get in line to-day by sending in \$1.00 and securing 10,000 shares which, in four months' time, with pipe line in operation, will be worth at least \$2.00 to you and pay you immense dividends semi-annually. There are scores of stockholders who have invested over \$1,000 each and several as high as \$5,000.

## Oil Sales Will Total Over \$250,000.

Every day this company is increasing in capacity to handle larger orders. Just a question of a few weeks until the average daily sales of oil will be better than \$1,000 per day, and on a conservative basis the sales of the eight months commencing December 1st will total over a quarter of a million dollars more. You are not buying hot air or blue sky. When you secure Uncle Sam stock, you are lining up with the best of the best of popular legitimate money-making enterprises in the Central West. Better sell that high priced piece of real estate or call it that low priced piece of real estate. The money you have in this great independent company and help out a worthy cause and help yourself. You know it right. This company owns or controls oil rights in thousands of acres which are almost sure to develop to be worth millions. The stock is certain to go to at least \$1.00, with chances good to reach a dollar per share.

That the Western fields are rich you can see ample evidence by a few days' ride through the oil fields. Uncle Sam Company secured some of the greatest producers in the Kansas Territory oil fields and will secure more. Will Drill at Least 200 More Oil Wells. This company now owns four complete drilling rigs. Does its drilling at cost. It has more proved grounds for hundreds of wells. It could start ten drills any day and locate them where oil will be secured in eight out of ten wells drilled, and possibly better. Oil producing wells are valuable when you have refineries, pipe lines and distributing stations, and a market to send what the oil is really worth. No trust or combine can deprive the stockholders of Uncle Sam of their just dues. We are dealing with the general public, who are a sensible, thrifty, money friendly to our success. The company has endeavored to make friends from the word on, and is still doing its level best to give everyone a "square deal," and to secure more friends. In so doing it is piling up an asset, the value of which is hard to estimate, for you cannot buy true friends with money, and through the many thousands of stockholders of Uncle Sam it means from ten to twenty per cent. of the profits by each stockholder, and means a fine market and fair play for Uncle Sam anti-trust oil wagons as they may seek to deliver oil. With the river line completed and with even four drills developing the company's oil rights, how well will it be to invest in this stock? Suppose you only buy 1,000 shares at \$1.00; it will be a good saving for you and pay you big interest to start with, and your shares are that this very thousand shares will be worth \$1,000 to you in a few years.

## Saving of Half Dollar Per Barrel.

You may not realize the great value of completing the river pipe line, but it means a saving of half dollar per barrel on every barrel of oil pumped over this line. There is no gamble, no guess, no risk about this kind of development. Uncle Sam has a great refinery on the

banks of navigation by Atchison, Kan. This refinery is now in operation and can handle 600 barrels of 600 more barrels a day. The company can double this refinery No. 2 capacity, or make it 1,200 barrels a day, with but little cost, as it was built with that intention. Now don't wait until the largest interstate independent pipe line in the world is completed, and until 200 three refineries doubled in capacity, then join the Uncle Sam band-to-day by sending your check or draft by return mail, for what you can spare. \$500 will purchase 5,000 shares and the chances are a thousand to one it will be worth \$1,500 in less than two years.

## Company Has Overcome Oil Trust Conspiracy, Ridicule and Abuse.

The Uncle Sam Company is completing the largest and consideration of people today who would not look at it on the start. Others were misled by would-be financial papers and a few boodie newspaper columnists, by their attacks against this company, and by their headlines writing for a few magazines and certain newspapers which wear the oil trust railroad stigma, but their ranting has only helped this company. It has caused its friends to rally more to Uncle Sam's support until to-day there are over ten thousand stockholders of this company, and until over \$250,000 cash, now back of Uncle Sam, while over \$50,000 more will be subscribed on gift-edged installment contracts. Know that this line-up is certainly worthy your consideration. For no man with any sense at all can consistently say that such a show-up is not a strong one. That no other enterprise can cite you to, considering the rocky road traveled. On the other hand, we can tell you that there is not a single doubt but that every dollar of the \$150,000 that will be accepted at this sacrifice price will be quickly raised. After nearly two years, working nearly night and day to put this proposition through as promised at the beginning, overcoming ridicule and abuse and trading injustice from blackmailers and suffering hirelings, we know that it will be easy work to complete everything now, and it will be to develop to be worth millions. The price offered the public in this announcement will hurt your own pocket. Those old fields that anything else. However, you will be glad to have you, our loyal bond, and whether you live in California or New York, or whether you invest \$1.00 for 100 shares, or \$1,750 for thirty thousand shares, your interest will be faithfully returned and dividends sent you semi-annually.

## Dividend Number Two.

Every share holder of record or who has mailed a remittance for stock before the day closes, Thursday, December 20, will receive a dividend of \$1.00 per share. This dividend will be closed for dividend No. 2 on the day. Now some wiseacre and knocker also oil trust hireling will say that this dividend is not honest, and that it will be just the same, and you can get it if you act promptly, but you won't. If you don't, you will have to wait to secure another dividend, and you will be as long as you live, and your heirs thereafter if you are wise enough to buy Uncle Sam stock. Better get in line now. This dividend will be paid from the sales of oil produced from our own wells and manufactured into marketable oil, and to break the grip of the oil trust. It has accomplished both. There is nearly a half million dollars of construction yet to be completed, but you will not have to wait for ever to secure good interest on your money. From the sales of oil the company will pay dividends and from the sales of oil the company will pay dividends.

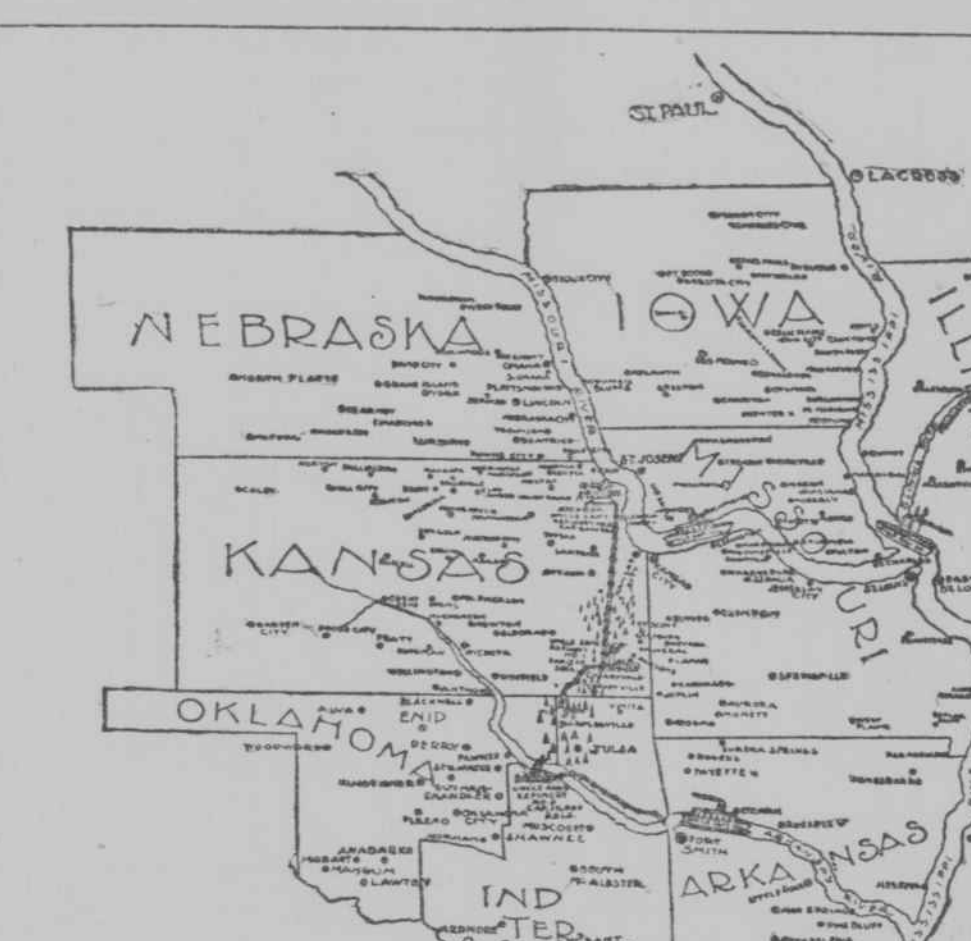

## 12 Per Cent. and No Taxes.

The dividends already guaranteed on the stock will pay you better than 12 per cent. on the investment. When you stop to think that you have no taxes on this means a whole lot. The facts are that when it comes right down to brass tacks the stock is a gift-edged investment and a sacrifice price in fact as well as name. You can't beat it and we know it. Look at the investments that are not backed with as strong assets that are only bring-

RIGHT at one million dollars cash presents the only formidable foe in actual, practical competition of the oil trust in the Central West. With what the effective guns of the Federal government and thousands of other avowed influences closing in on the great criminal trust, an investor who does not see what a great opportunity this Uncle Sam anti-trust independent organization has is certainly dull of comprehension. When completed, Uncle Sam anti-trust independent Missouri Valley Oil wagons will be patrolling seven States with 204 main distributing stations, from which we can reach six thousand smaller trade centers. At least two hundred more oil wells will be completed on the thousands of acres of Uncle Sam oil rights. Two great refineries built and in operation. Third refinery will be completed and in operation this month. Paraffine and lubricating plant being built and in operation. Distributing stations now completed. Nine carloads of tanks will be shipped to that many more by the time you see this announcement.

# INVESTING. 2

## Books Will Close December 20th.

Map showing the two hundred and four distributing stations, pipe lines and refineries, river navigation and general line-up of the Uncle Sam Oil Company as it will be in a year, by which time the company will be able to pay its stockholders at least 20 per cent. yearly on the present investment and continue to increase the dividend thereafter.

## Oil Trust Threatened to Leave Kansas in Darkness.

Two years ago Kansas was not a single independent oil wagon delivering oil in Kansas. In fact, the criminal trust had such a grasp on both producer and consumer that it brazenly threatened to leave the State in darkness when Kansas commenced the fight on these brigands and millionaire schemers in the Legislature. It was a bold and desperate move, but the bluff of these criminal promoters and passed conservative protection laws so that any enterprise locating in Kansas would get a square deal, and by so doing has been the cause of millions of dollars of capital coming to Kansas. Strange as it may seem, the oil trust has met serious trouble ever since it threatened the Jayhawkers, and with Uncle Sam stations now completed in over a score of States, the company will secure and maintain its great oil trade.

## Many New Charters.

The State Corporation Commission yesterday granted the following charters: Virginia-Carolina Insurance Company (Inc.), Richmond. Benj. P. Alsop, president; Luther C. Fitch, vice-president; Edward S. Hazen, secretary and treasurer—all of Richmond. Capital, \$50,000. Object: Insurance business. The W. S. Cooke Rural Company (Inc.), Newport News. W. S. Cooke, president; J. A. Cooke, secretary; J. B. Cooke, treasurer—all of Newport News. Capital, \$25,000. Object: Undertaking business. Every stable business, mercantile business, trading in horses and mules. Dixon Livery Company (Inc.), Norfolk. W. W. Sawyer, president; William A. Doyle, vice-president and general manager—all of Norfolk. Capital, \$50,000. Object: Livery and carriage business. Bureks Brick Company (Inc.), Norfolk. W. W. Sawyer, president; William A. Doyle, vice-president and general manager—all of Norfolk. Capital, \$50,000. Object: Brick and tile business. Fidelity Steel Lumber Company (Inc.), Norfolk. W. W. Sawyer, president; J. L. Grady, secretary and treasurer; E. W. Mallett—all of Norfolk. Capital, \$100,000. Object: Amusement Jamestown Exposition.

## Those Present.

Those present at the meeting were: Mrs. E. V. Valentine, Mrs. A. W. Garber, Mrs. J. H. Wellford, Mrs. Ellen Wade, Mrs. John H. Southall, Mrs. Thomas Bolling, Mrs. Charles E. Ball, Mrs. Egbert Leigh, Mrs. R. W. Watkins, Mrs. N. V. Randolph, Mrs. E. D. Taylor, Mrs. N. V. Randolph, Mrs. W. R. Vawter, Mrs. Mann Valentine, Mrs. N. C. Shelton, Mrs. N. A. Rogers, Mrs. A. B. Brown, Mrs. W. A. Powers, Mrs. Anne R. Green, Miss Ollie Cary, Mrs. L. C. Daniel, Mrs. Candice Cabell, Mrs. Burbridge Haliburton, Mrs. A. M. Tyler, Mrs. W. C. Bentley, Mrs. George W. Hagby, Miss H. C. Gresham, Mrs. G. R. Cannon, Mrs. B. C. Nelson, Mrs. D. T. Williams, Miss Fannie Haliburton, Mrs. Decatur Axtell, Mrs. George L. Christian, Mrs. Thomas Beckett, Mrs. W. C. Stander, Mrs. Julia A. Grant, Mrs. J. Alston Cabell, Mrs. Henry Taylor, Jr., president of the association, Mrs. Christian, Mrs. Larkin Glazebrook, Mrs. Christian, Mrs. W. A. Anderson, Mrs. A. P. Sparks, Mrs. W. R. Cox, Mrs. P. J. White, Mrs.

## Director Visits Madison School.

Miss Brinkhaus Much Impressed With Appearance of Things There. Madison School was the building to which Miss Brinkhaus went yesterday in her round of visits to the Richmond schools. She is much enjoying these visits because of the opportunity they give her of learning just what work the children are doing in the city. The first room called upon was the kindergarten, where fifty bright-faced boys and girls were happily at their play. It would be difficult to find a kinder room in any other country. Little ones enter more into the spirit than at this one. Some time ago comment was made upon the neat way in which the coupons from the Madison School are given out and packed, and it was not surprising to find Miss Brinkhaus to find the schoolyard in neat and orderly condition. The rooms were also tidy, and one is struck with the improved appearance of those in which the single desks have replaced the old style double desks. The attention of teachers of primary schools is called by Miss Brinkhaus to the excellent practical number work of the teacher of Grade 1. Her lessons are so interesting to the children that their eager attention is held from start to finish. Many other good points might be mentioned in regard to Madison's good discipline and neat, attractive blackboard work being among them. Members of Fifth B Grade, Nicholson School, called at Room 8 yesterday afternoon to see the exhibit of sculpture. The class had 100 per cent. in attendance last week, and was thus entitled to thirty-five minutes out of school hours. The time was used for the little excursion to the School Contest office, where the children much enjoyed the statuary to be given

EQUIPMENT purchased for 42 more main distributing stations; 21 tank cars now in the service. Deal pending for 35 more. Company paying as it goes. Will accept \$125,000 at this sacrifice price, which, judging from past remittances, should be raised in 30 days. Now or never if you ever expect to help out this worthy enterprise in its fight for a square deal in the oil fields. Stock will be nearly doubled in price as quick as required amount is subscribed, and up to 80 cents, with pipe to river refinery secured together. We solicit your investment in good faith, but you should remit promptly, for this stock is valuable and we will not let any grass grow under our feet until every dollar needed is raised and the great plant completed, just as promised at the beginning.

## How to Send Money.

Remit by post-office money order, bank draft or personal check. If you send currency, always enclose a Kansas anti-trust stamp and money order payable to The Uncle Sam Oil Company. Your stock will be sent to you by registered mail. Our office forces are rushed with work, and do not expect your stock to reach for at least two weeks after remittance arrives at the Uncle Sam office.

## WORK BEING DONE AT JAMESTOWN

Interesting Reports Submitted at Meeting of A. P. V. A. Here on Yesterday.

## GATES WILL BE ERECTED

Forty Square Feet of Ground to Be Deeded to Government for Wharf.

## A Meeting of the General Association for the Preservation of Virginia Antiquities

was held yesterday at noon in the rooms of the Virginia Historical Society, Mrs. J. Taylor Ellison, acting president, presiding.

Reports were heard from the secretary, treasurer and the various committees. Mrs. E. B. Robinson read a letter from the directors of the Washington branch of the A. P. V. A., which was referred to the Jamestown committee for consideration. On the report of the chairman of the life certificate committee, Mrs. E. V. Valentine, a new edition of the certificates was ordered. Mrs. R. W. Watkins, chairman of the membership committee, reported nine new members, as follows: Mrs. Thomas Peyton Giles, Mrs. T. W. Chief, Mrs. P. W. Howie, Mrs. W. R. Robins, Miss Mary A. Fulton, Mrs. A. Langstaff Johnston, Mrs. Alfred C. Palmer, Mrs. George H. Insley and Mrs. Adam Gray.

## Report Submitted.

Miss Mamie B. Baughman was appointed assistant treasurer at the request of

the treasurer, Mrs. John B. Lightfoot. Mrs. Lightfoot, acting chairman of the Jamestown committee, made the following report:

"Following so closely upon the annual review of our work at Jamestown, there is very little of interest to submit to-day. At this season the returns are small in consequence of fewer visitors.

"High water has been disastrous to our crop of corn and corn, and this, with the depression from cattle and hogs, leaves us without winter provisions, and under the necessity of buying what we shall require.

Your committee continues to employ laborers as assistants to our caretaker, Mr. Leal, and throughout the year, with the exception of a few weeks, finds steady employment for him. Immediate steps are being taken to grade and lay off the grounds around the government monument. The United States engineer, Mr. S. H. Yonge, has made recent soundings in the river, with a view to building a wharf.

"The Boat House," through the efficient efforts of Mr. R. A. Lancaster, will be constructed at less cost, but with the same substantial material as at first designed.

## Not Ready Yet.

"There is nothing as yet to report of the Home of the Daughters of the American Revolution; no work on the grounds has yet been started.

"A force of laborers, with their work at Jamestown on Friday, November 20th, was working on the Colonial Dames' building. Its progress has been retarded by some alterations found necessary on the foundations. On this part of the work they are at present engaged. Mr. William Ordway Partridge, artist of the Pocahontas monument, visited Jamestown on November 23d, accompanied by Mr. R. A. Lancaster and Mr. S. H. Yonge, and selected two sites as suitable for the location of his monument, one near the northeast corner of the fort, the second, on the southern front, which was deemed more desirable, since it commanded a broad expanse of the river.

"We are not ready at Jamestown, or nearly so, for the crowding events of 1907, but we must carefully bear in

mind that the A. P. V. A. is the grateful recipient of the noble generosity of other patriotic societies. We cannot hasten their gifts; it is our duty to wait, and extend to our visitors, whatever may be our condition, a cordial Virginia welcome."

In response to a letter read by Mrs. J. Taylor Ellison from Mr. S. H. Yonge, assistant United States engineer, relative to the building of a government wharf at Jamestown Island, it was decided by the association to authorize the Jamestown committee and the advisory board, to deed to the United States government forty square feet of ground, more or less, belonging to the wharf, which is to be at once constructed by the government.

Mr. Ellison announced to the association that it's first gift in the nature of a bequest was a leather chair, formerly belonging to Benjamin Harrison, of Berkeley, the gift of the late Dr. James Brown McCaw.

The New York Colonial Dames of America, acting through Mrs. William Ruffin Cox, asked and received the formal consent of the association for the erection of handsome eastern gates, marking the entrance at Jamestown Island, and the grounds around the United States government monument to the grounds of the A. P. V. A. Mrs. George de Benville Keim, of Philadelphia, also making her request through Mrs. Cox, received the consent of the association for her to erect in the Dames' Memorial building at Jamestown a tablet to Sir Thomas West, Lord Delaware, the first Colonial Governor who worshipped in the Jamestown church. Mrs. Keim is a descendant of John West, Lord Delaware's brother.

## Bishop Elected.

Bishop A. M. Randolph was elected a member of the Jamestown committee. Mrs. Thomas Bolling, Mrs. Egbert Leigh and Mrs. Nannie Jones were chosen a committee of three to arrange for the annual tea of the association, to be given on January 4th, 1907, from 5 to 7 P. M.

Mrs. Joseph E. Willard, who was appointed sixth vice-president of the association, sent a check for \$100, and a note regretting her absence from the meetings.

Mr. W. G. Stander was authorized to get out 5,000 complete guide-books of James River, for the sale and use of the association in 1907.

The program for the ceremonies with which the A. P. V. A. intends to celebrate the 31st of May, 1907, at Jamestown Island, was submitted to the association yesterday and adopted.

The form of invitation to the celebration as arranged by Mrs. Joseph Bryan, the president of the association, who also arranged the program, shows three ships in relief with the date, 1907, and the names Susan Constant, Good Speed and Discovery underneath. Then the following:

The Association for the Preservation of Virginia Antiquities Requests the honor of your presence at Jamestown, Virginia, May the thirteenth, Nineteen hundred and seven. To assist in the celebration of the Three hundredth anniversary of the Landing of the English colony, who laid the first permanent settlement in America, May the thirteenth, sixteen hundred and seven.

## Those Present.

Those present at the meeting were: Mrs. E. V. Valentine, Mrs. A. W. Garber, Mrs. J. H. Wellford, Mrs. Ellen Wade, Mrs. John H. Southall, Mrs. Thomas Bolling, Mrs. Charles E. Ball, Mrs. Egbert Leigh, Mrs. R. W. Watkins, Mrs. N. V. Randolph, Mrs. E. D. Taylor, Mrs. N. V. Randolph, Mrs. W. R. Vawter, Mrs. Mann Valentine, Mrs. N. C. Shelton, Mrs. N. A. Rogers, Mrs. A. B. Brown, Mrs. W. A. Powers, Mrs. Anne R. Green, Miss Ollie Cary, Mrs. L. C. Daniel, Mrs. Candice Cabell, Mrs. Burbridge Haliburton, Mrs. A. M. Tyler, Mrs. W. C. Bentley, Mrs. George W. Hagby, Miss H. C. Gresham, Mrs. G. R. Cannon, Mrs. B. C. Nelson, Mrs. D. T. Williams, Miss Fannie Haliburton, Mrs. Decatur Axtell, Mrs. George L. Christian, Mrs. Thomas Beckett, Mrs. W. C. Stander, Mrs. Julia A. Grant, Mrs. J. Alston Cabell, Mrs. Henry Taylor, Jr., president of the association, Mrs. Christian, Mrs. Larkin Glazebrook, Mrs. Christian, Mrs. W. A. Anderson, Mrs. A. P. Sparks, Mrs. W. R. Cox, Mrs. P. J. White, Mrs.

I. P. Baur, Mrs. J. Enders Robinson, Mrs. John B. Lightfoot, Mr. W. G. Stander and Mr. Joseph Bryan.

## MANY NEW CHARTERS.

The Corporation Commission Authorizes Nine Concerns.

The State Corporation Commission yesterday granted the following charters: Virginia-Carolina Insurance Company (Inc.), Richmond. Benj. P. Alsop, president; Luther C. Fitch, vice-president; Edward S. Hazen, secretary and treasurer—all of Richmond. Capital, \$50,000. Object: Insurance business. The W. S. Cooke Rural Company (Inc.), Newport News. W. S. Cooke, president; J. A. Cooke, secretary; J. B. Cooke, treasurer—all of Newport News. Capital, \$25,000. Object: Undertaking business. Every stable business, mercantile business, trading in horses and mules. Dixon Livery Company (Inc.), Norfolk. W. W. Sawyer, president; William A. Doyle, vice-president and general manager—all of Norfolk. Capital, \$50,000. Object: Livery and carriage business. Bureks Brick Company (Inc.), Norfolk. W. W. Sawyer, president; William A. Doyle, vice-president and general manager—all of Norfolk. Capital, \$50,000. Object: Brick and tile business. Fidelity Steel Lumber Company (Inc.), Norfolk. W. W. Sawyer, president; J. L. Grady, secretary and treasurer; E. W. Mallett—all of Norfolk. Capital, \$100,000. Object: Amusement Jamestown Exposition.

## Those Present.

Those present at the meeting were: Mrs. E. V. Valentine, Mrs. A. W. Garber, Mrs. J. H. Wellford, Mrs. Ellen Wade, Mrs. John H. Southall, Mrs. Thomas Bolling, Mrs. Charles E. Ball, Mrs. Egbert Leigh, Mrs. R. W. Watkins, Mrs. N. V. Randolph, Mrs. E. D. Taylor, Mrs. N. V. Randolph, Mrs. W. R. Vawter, Mrs. Mann Valentine, Mrs. N. C. Shelton, Mrs. N. A. Rogers, Mrs. A. B. Brown, Mrs. W. A. Powers, Mrs. Anne R. Green, Miss Ollie Cary, Mrs. L. C. Daniel, Mrs. Candice Cabell, Mrs. Burbridge Haliburton, Mrs. A. M. Tyler, Mrs. W. C. Bentley, Mrs. George W. Hagby, Miss H. C. Gresham, Mrs. G. R. Cannon, Mrs. B. C. Nelson, Mrs. D. T. Williams, Miss Fannie Haliburton, Mrs. Decatur Axtell, Mrs. George L. Christian, Mrs. Thomas Beckett, Mrs. W. C. Stander, Mrs. Julia A. Grant, Mrs. J. Alston Cabell, Mrs. Henry Taylor, Jr., president of the association, Mrs. Christian, Mrs. Larkin Glazebrook, Mrs. Christian, Mrs. W. A. Anderson, Mrs. A. P. Sparks, Mrs. W. R. Cox, Mrs. P. J. White, Mrs.

## Director Visits Madison School.

Miss Brinkhaus Much Impressed With Appearance of Things There.

## Trustees to Meet.

Will Consider Gift of \$50,000 to Richmond College.

The board of trustees of Richmond College will meet at noon to-day in the rooms of the Foreign Mission Board of the Southern Baptist Convention. The special purpose of the meeting is to receive the report of a committee concerning the contribution to the college of \$50,000 by the General Education Board of New York. This committee is composed of Dr. F. W. Boatwright, president of the college, and Professor S. C. Mitchell. Trustees from every section of the State are expected to be in attendance.

## Man of Many Aliases.

Governor Swanson yesterday issued a rendition warrant on a requisition from the Governor of New Jersey for one A. C. Perry, alias A. Claefina, alias Paul Jones, who is wanted in Mercer county, N. J., on the charge of robbery. The man has been apprehended at Norfolk, and the New Jersey agent went there for his prisoner yesterday.

## Dr. Taylor to Lecture.

Dr. William H. Taylor, State Chemist and City Coroner, will deliver a lecture to the freshman class of the Medical College of Virginia to-morrow night at 8 o'clock. Dr. Taylor is professor of chemistry, toxicology and medical jurisprudence at the college. His lectures are always much enjoyed.

by this paper to the schools of Richmond, Manchester and Henrico county.

## Trustees to Meet.

Will Consider Gift of \$50,000 to Richmond College.

The board of trustees of Richmond College will meet at noon to-day in the rooms of the Foreign Mission Board of the Southern Baptist Convention. The special purpose of the meeting is to receive the report of a committee concerning the contribution to the college of \$50,000 by the General Education Board of New York. This committee is composed of Dr. F. W. Boatwright, president of the college, and Professor S. C. Mitchell. Trustees from every section of the State are expected to be in attendance.

## Man of Many Aliases.

Governor Swanson yesterday issued a rendition warrant on a requisition from the Governor of New Jersey for one A. C. Perry, alias A. Claefina, alias Paul Jones, who is wanted in Mercer county, N. J., on the charge of robbery. The man has been apprehended at Norfolk, and the New Jersey agent went there for his prisoner yesterday.

## Dr. Taylor to Lecture.

Dr. William H. Taylor, State Chemist and City Coroner, will deliver a lecture to the freshman class of the Medical College of Virginia to-morrow night at 8 o'clock. Dr. Taylor is professor of chemistry, toxicology and medical jurisprudence at the college. His lectures are always much enjoyed.

**Maurer's Rat-and-Roach-Paste**  
attracts these vermin by its odor; they eat it and die instantly.  
It is a sure death to bedbugs, ants, fleas, moths, etc.
